Since 1979, Express Oil Change has provided a clean, professional and environmentally friendly alternative to the traditional auto shops.

Curb Appeal

Express Oil Change & Service Center locations are always designed to complement or even improve a neighborhood's appearance. This focus on aesthetics is one of the first differences you'll notice between Express Oil Change and other automotive service centers.

Low Impact

The look of Express Oil Change & Service Center isn't the only aspect of the business that's community-friendly. We structure our hours and operations to ensure our locations have low impact on the community.

Professional Team

We employ WELL-QUALIFIED, FULLY TRAINED and EXPERIENCED technicians and mechanics that are ASE-Certified.

Longevity

We aren't just an expanding chain of businesses; we are long-term community members with a daily focus on our neighborhoods and our neighbors.

Vital Service

Perhaps the greatest benefit of Express Oil Change & Service Center is that we offer services that are absolutely necessary in today's world. We eliminate the need for our neighbors to travel out of their way for automotive maintenance, and customers can always expect top-of-the-line service when they visit.

Environmental Focus

Express Oil Change & Service Center doesn't just maintain a clean appearance. We ensure clean operations that have no environmental impact on our neighborhood.

Our Mission

To give each customer the assurance that their car is well maintained by providing the highest quality automotive products and services delivered quickly and conveniently in a superior environment by a friendly, professional staff emphasizing integrity in every action.
